DETAILED ACTION

1. The reply filed on 6/18/2004 is not fully responsive to the prior Office Action because of the following omission(s) or matter(s):

Again, with respect to claims 190 and 191, support for the newly added limitation which refers to “a message center” functioning in conjunction with “the answering apparatus” of claim 157 has not been provided. The response refers to page 15 lines 9-19 of the original specification as providing support. Page 15 does refer to a message center, however, claim 157 refers to an answering apparatus, page 15 does not refer to an answering apparatus and a message center as now claimed. These are two different things according to the manner in which the claim language presents them. As such it is not clear if the intent is to refer to the answering apparatus of claim 157 in each of claims 190 and 191, or if the intent is to refer to “a” message center in each of claims 190 and 191 and if so then support for this message center in conjunction with the answering apparatus of claim 157 must be provided in the original specification. As no message center has been introduced prior to claims 190 and 191, a lack of positive antecedence exists in each of claims 190 and 191.

2. . See 37 CFR 1.111. Since the above-mentioned reply appears to be *bona fide*, applicant is given **ONE (1) MONTH or THIRTY (30) DAYS** from the mailing date of this notice, whichever is longer, within which to supply the omission or correction in order to avoid abandonment. **EXTENSIONS OF THIS TIME PERIOD MAY BE GRANTED UNDER 37 CFR 1.136(a).**
